3.2 Partial Shipments

Partial shipments are permitted under this Agreement. When Supplier is unable to fulfill the full quantity ordered on a PO line at the time of shipment, Supplier may ship the quantity available and follow these rules:

(a) **Per-shipment invoicing.** Supplier will invoice only for the quantity actually delivered in each shipment. The invoice line item will state the delivered quantity, the unit price from Exhibit A, and the line extension equal to delivered quantity multiplied by unit price.

(b) **Reference to original PO.** Every partial shipment invoice will reference the originating PO number in the "PO Reference" field. The Supplier will not issue a new PO number for backorder balances.

(c) **Backorder fulfillment.** The undelivered balance carries forward as a backorder. Supplier will fulfill the backorder within thirty (30) calendar days of the original shipment date and will issue a follow-up invoice for the balance under the same originating PO number.

(d) **Buyer's right to cancel.** Buyer may cancel any backorder at any time prior to shipment by written notice to Supplier. Cancelled backorders incur no charge.

3.3 Pricing on Backorder

The unit price for backordered quantities is the unit price stated on the original PO, regardless of any subsequent Exhibit A revisions.

4. INVOICING AND PAYMENT

4.1 Invoice Standards

Each invoice will: - Reference the originating Buyer PO number; - State the quantity shipped on the invoiced shipment; - Distinguish partial shipments from full-quantity shipments by including the notation "Partial Shipment" in the invoice header; - Itemize freight separately from line items.

4.2 Payment Terms

Payment is due Net 30 from the date of each invoice. Partial-shipment invoices are payable on the same Net 30 terms as full-shipment invoices.

5. RETURNS AND DEFECTS

Buyer may return defective goods within thirty (30) days of receipt for credit or replacement at Buyer's option. Restocking fee is waived under this Agreement.
